

Werk #14822: Datadog special agent: Add log forwarding to Event Console

Component	Agent Bakery
Title	Datadog special agent: Add log forwarding to Event Console
Checkmk Edition	Checkmk Raw Edition (CRE)
Checkmk Version	2.2.0i1
Level	Trivial Change
Class	New Feature
Compatibility	Compatible - no manual interaction needed

The Datadog special agent can now be configured to fetch logs from the Datadog API and forward them to the Event Console, similar to the events fetched from the Datadog API.
